

# PREPARING FOR THE 2019 BROWNFIELDS COMPETITION

## WORKSHOP

### EPA Addison Conference Center

16650 Westgrove Road, Addison, Texas 75001  
(Suburb of Dallas, Texas)

**December 5-6, 2018**

Designed for Region 6 organizations interested in applying for a 2019 Multipurpose (**NEW!**), Assessment, or Cleanup Grants.

To get the most out of the workshop, participants should:

- Watch the video about grants.gov Workspace. Access it [here](#).
- Learn more and get your grants.gov Workspace set up. Details can be found [here](#). You will need your DUNS number if you have not set up Workspace.
- Identify the internal team you will need in place to successfully submit your application.
- Bring your computer and work live in the grant.gov Workspace. This is a roll-up-your-sleeves and make real progress workshop.
- Bring a copy of the guidelines for the type of grant you will be applying for, once they are released.

## Daily Schedule

### December 5, 2018

#### Workshop

8:30 am – 4:30 pm

#### Networking

4:30 – 7:00 pm

BJ's Restaurant

### December 6, 2018

#### Workshop

8:30 am – 4:30 pm

#### Speakers will include:

EPA Region 6 Brownfields Competition Co-leads, Paul Johnson & Denise Williams. They will provide information on the application process from applying through grants.gov, to guideline requirements.

Kansas State University Technical Assistance to Brownfields staff, Maggie Egbarts & Sabine Martin will discuss the resources they offer communities for proposal review, as well as other services TAB provides to all Region 6 communities

## Registration

This Workshop is free, but registration is required.
